

Chalking Checklist

Step By Step

- Gather supplies: paper towels, fuzzing cloth, permanent marker, dish with water, board eraser, cotton swabs and microfiber cloth
- Cut transfer apart if necessary
- Mark back side of transfer with marker
- Peel transfer from back & place on fuzzing cloth or towel. Peel up & replace several times
- Place transfer on surface
- Apply Paste or ink to transfer in a thin even layer; remove excess paste with squeegee
- Carefully peel transfer off while paste is still wet
- Place transfer in dish with water to clean
- Gently wipe away all paste from transfer with eraser
- Place transfer sticky side up to dry
- Once dry, replace backer on transfer & store
- If using ink, heat set once it's dry
